Good Idea, Bad Idea

Directions: Create a “Good Idea, Bad Idea” cartoon for one of our classroom procedures. The good idea side should show the proper way to complete the procedure and also represent how it helps the class environment (happy teacher, no time wasted etc.). The bad idea side should illustrate a way NOT to complete a classroom procedure and represent the negative effect if could have. The box is for the picture, the lines are for the text. Note: Your drawing skills do NOT have to be excellent. Stick figures are totally okay 😉 Color is a great option, too!
